

Support Services for Older Adults

With roots that trace back to 1957, the focus of A&O: Support Services for Older Adults' operation is identifying and addressing many of the issues facing older adults. Hand in hand with older adults, and through partnerships with community groups, the Agency takes action to improve the quality of life for older adults in Manitoba through advocacy, education, and service delivery.

A&O strives to involve older adults in decision-making. Their expertise is an important contribution to building a healthy community in which older adults play a vital role.
