

Patient Responsibilities

You have responsibilities as a patient too. As a responsible patient you should do the following:

- Choose a health care provider that you are happy with.
- Be responsible in how you use health care resources.
- Keep an accurate history of your personal medical information.
- Participate in health care decisions
- Ask questions if you need more information.
- Follow instructions for medication and other treatments.
- If you feel a health care provider is not doing a good job it is important you report this information.
- Make healthy choices about your lifestyle and habits.
